*DISCOVERY AND TRAVEL - READY MADE & FORMAT

360@ is a hip reinvention of the travel show, mixing crazy experiences with surprising facts.

Two buddies (international correspondents) will be looking for the most amazing footage of dream destinations : Las Vegas, New-Zealand, Italy, Brazil and Mexico.

They will bring along a mysterious yellow suitcase containing a 360° camera, through which viewers will have access to four 360° scenes : the Thrill 360, the Contemplation 360, the Secret 360 and the Event 360.

Bonus interactive experience: 360@ uses a virtual reality camera to plunge the viewers fully into the most amazing spots.
